## **NEBRASKA CANCER SPECIALISTS OPENS NEW CLINIC AT THINK WHOLE PERSON HEALTHCARE**

Nebraska Cancer Specialists (NCS) is excited to be opening a clinic in the Think Whole Person Healthcare building located in Aksarben on 71<sup>st</sup> and Center Street in Omaha. Nebraska Cancer Specialists mission and vision are aligned with Think and we look forward to offering convenient access to our current and future patients.

“Our focus is, and has always been, providing the highest level of patient care and the best experience, aligned with a Value Based Care model. Easy access is key to the way healthcare will be done in the future, and we look forward to offering our patients this opportunity to receive services from NCS and Think in the same building,” said Danielle Geiger, MSN, APRN-NP, AOCNP Nebraska Cancer Specialists Practice Administrator.

On June 2<sup>nd</sup>, Joel Michalski MD, PHD and Nagendra Natarajan MD, MPH will begin seeing patients on the 3<sup>rd</sup> floor in the Think Whole Person Healthcare building. The new clinic will feature:

- Consultation Appointments
- Follow-Up Visits
- Side-Effect Management
- Genetic Counseling
- Nutrition Services

Referrals to NCS Providers for Mental Health Counseling, Occupational Therapy, Financial Advocates, Social Work, and Clinical Trials

“We are looking forward to expanding our NCS footprint and to deliver the same level of advanced hematology and oncology care patients have come to know and trust. NCS provides extensive access to clinical trials, cutting edge therapies and integrative health care services, which are essential components to treatment and recovery. With this expansion, we are able to provide care in a location that is familiar and convenient for our patients and their families,” said Joel Michalski, MD, PHD.

### **About Nebraska Cancer Specialists**

Nebraska Cancer Specialists is a regional leader in Community Oncology, which refers to the practice of treating patients in an outpatient, private setting. The practice consists of 14 medical oncology and hematology, nuclear medicine and radiation oncology physicians, the most robust Clinical Trial Research department, and the first dedicated Theranostics center in the region, thus giving our patients access to newer, cutting edge options. NCS has been recognized with the Quality Oncology Practice Initiative QOPI certification that recognizes outpatient hematology-oncology practices in the United States for high-quality care. **For more information, visit [nebraskacancer.com](http://nebraskacancer.com).**

### **About Think Whole Person Healthcare**

Think was established in 2015 and as an innovator in the industry, has grown to become one of the largest independent primary care centers in the U.S. ThinkHealthcare.org
